

Official Skeeball Rules

REVISED 6/1/2016

I. PLAYERS

1. There are no gender requirements. Just roll. If you know your team will be short players, we encourage you to bring subs any night except finals night.
2. You must have at least two “bowlers” each night.

II. FORMAT

1. There are two waves per night. Each wave lasts an hour and a half.
2. Each wave is broken into four 20 minute heats. Your team plays in two of the four heats.
3. Teams of two will go head-to-head against another team of two.
4. Teams will continue round robin games until the wave is done.

III. SCORING

1. At the end of each frame (9 rolled balls) a team’s total score will be calculated. The team with the highest team score wins that round.
2. Standings will be calculated based off winning percentage.

*SBS reserves the right to modify rules at any point. The referee has final say in any rule disputes.

IV. START AND END OF THE HEAT

1. The frame starts when all 4 players are set, and the first ball is rolled. The frame ends when all players have rolled all 9 balls.

V. PLAYOFFS

1. Playoff seeding is determined by regular season points.
2. The finals night will be a double elimination seeded "Series style" bracket.
